

Dear Guest

we are experiencing a very difficult time, for this reason, in order to ensure maximum safety for our Guests and our Collaborators, we are giving you some information about the management of Covid-19 within our hotel.

These simple rules will allow you to peacefully organize your holiday in the Dolomites.

OUR GUESTS ARE PLEASED:

To ensure effective room sanitation, it will not be possible to anticipate check-in before 15:00.

Sign for acceptance, the Covid-19 information provided during the check-in on the measures to combat and contain the spread of the infection.

Wear the mask throughout the facility except when sitting at the table or inside your room. In case of need it will be possible to purchase the disposable mask at the Reception.

Undergo a body temperature measurement during the check-in, in order to verify that it is not higher than 37.5 ° C.

Respect the safety distance of 1 meter from unrelated people and do not create groups inside the structure.

Disinfect your hands often with the gel made available at various points in the hotel.

Keep your room cards with you until the check out.

The Management reserves the right to remove unruly Guests from the structure, prior the payment of the full reservation.

HOW TO BEHAVE IN THE ROOM:

Guests are free to choose whether or not they want the daily rearrangement, those who do not want it are asked to notify the Reception.

Please do not stay in your room while the floor servants tidy up the room.

In order to air the room before the housekeepers enter, please cantilever the window when you are about to leave the hotel.

The disinfectant gel will be present next to each access to the elevators.

HOW CLEANING AND DISINFECTION TAKE PLACE:

The cleaning of the room on the day of departure / arrival takes place as follows:

The chamber is aired for at least 20 minutes. The pillows and duvets are aired and disinfected with a special product "medical surgical device Reg. Min. Health n. 18644 ". The phases that involve cleaning the surfaces

comply with the directives of the national health protocols: removal of the coarse elements of dirt, rinsing with water, application of the detergent, rinsing of the detergent with water, disinfection with alcohol or chlorine-based products. Curtains and sofas are disinfected with a special product "medical surgical device Reg. Min. Health n. 18644 ". The linen is washed in the washing machine at high temperatures with the use of a special disinfectant product "medical surgical device Reg. Min. Health n. 18644 ".

HOW THE MEALS ARE SERVED:

We kindly ask our Guests to wait at the entrance of the restaurant respecting the distance from other guests until our assistance team will welcome you and personally accompany you to the table.

The rich sweet and savory buffet breakfast is served by a dedicated waiter. Self-service will therefore not be possible. The buffet will be equipped with protective barriers in Plexi Glass. Guests are requested to respect the safety distance while waiting their turn to be served.

Dinner is served, as usual, with the Italian service. The vegetable buffet is replaced by a fresh mixed salad at the table for each diner.

The tables are arranged in such a way as to ensure spacing.

Each room is equipped with a disinfectant gel and is ventilated frequently.

The kitchen will be disinfected frequently by a specially trained employee.

WELLNESS AND POOL

Use of the Wellness Center is permitted upon signing the release provided during the check-in

The Finnish Saunas will be open as they reach temperatures above 80 ° C

The whirlpool will be usable as it contains chlorine, the parameters of which are daily checked and regulated according to the indications of national health protocols.

We inform our guests that there is an obligation to keep the distance of at least 1 meter from unrelated people, both in the common areas and in the Finnish sauna and whirlpool.

Inside the saunas it is possible to access only with related people. If not, please wait your turn. There is an obligation to wear a mask even inside the wellness area.

It is mandatory to take a hygienic shower in the room before entering the wellness and pool areas.

It is forbidden to move the beds with respect to how they are positioned by the Hotel to ensure spacing.

Those without one can find it on sale at the reception.

Guests are asked to disinfect their seats (beds and saunas) with the appropriate products made available in the COVID-19 stations within the Wellness Center.

The beds will be positioned in order to respect the safety distance in the case of people not joined.

The disinfectant gel will be present in the room.

The premises will be disinfected frequently.

All areas are under video surveillance. In addition to video surveillance, regular checks will be carried out by the company management to ensure the spacing and use of the mask.

In case of a decree that provides for the closure of the Wellness Centers, no discounts will be applied to the list prices.

DISINFECTION OF COMMON PREMISES:

All common areas will be ventilated frequently depending on the turnout

All common areas, including the lift, will be disinfected several times a day, paying particular attention to frequently touched objects such as: handles, buttons, supports, etc.

Room cards are disinfected at each guest change.

The curtains, the armchairs, the cushions, as well as all the surfaces and fabrics in the common areas are regularly disinfected several times a day with special products marked "medical and surgical unit Reg. Min. Health n. 18644".

THE COMPANY PROTOCOL FOR THE CONTAINMENT OF CONTAGION FROM COVID-19 VIRUS

On 25.06.2020 the Committee for the application and verification of the rules of the regulatory protocol was established in the company, consisting of:

The competent company doctor: Dr. De Gregorio Gabriele

The Employer and RSPP: Delmonego Martino

The company also adheres to the Territorial Committee for the contrast and containment of the spread of the Covid-19 virus in the workplace, set up within the Provincial Joint Body, at the Provincial Bilateral Body. All employees are tested for fever on a daily basis, have been provided with the necessary PPE, have fulfilled the information and training obligations on workplace safety and HACCP required by law, and undergo regular medical examinations.

The members and assistants of the company members attended

in addition to the classic courses on: workplace safety, fire prevention, first aid and HACCP, too the specific COVID-19 course "Reference regulations and regulatory protocols to allow the opening of the tourism sector"

For those who want more detailed information, the protocol is accessible at the Hotel Reception.
